THE COOLIE CONTRACT BILL.

The most outrageously false issue raised in this campaign, and pushed to the front through ignorance or malice, is the charge that Stewart introduced a coolie contract bill into the Senate, to enable the C. P. R. R. to employ Chinese to work on their road.

Under the Burlingame treaty the C. P. R. R. and the U. P. R. R. employed all the Chinese they wanted. This being the case, what earthly use was there of any bill to legalize what was already allowed under the Burlingame treaty?

Under this treaty the Chinese Six Companies had been importing coolies by the thousands, and compelling the poor slaves to work for them for four years to pay back passage money, commissions, etc.

Stewart's bill to restrict these contracts to six months was not a violation of the treaty, and hence constitutional. The Chinese Six Companies could make no money out of a Chinaman on a six months contract, hence they would not import him. The passage of the bill would have practically put an end to the Chinese coolie contract system, and every Democratic editor who charges Stewart with being a friend of Chinese coolie labor knows it.

Under the present state of the question Chinese coolies can come here indefinitely; to reduce the time of service to six months would be the entering wedge to driving them out of the country.

POLITICIANS SUSPENDED.

A Gentle Reminder for Major Garrard.

WASHINGTON, October 29.—The President recently suspended from office W. A. Stone, District Attorney for the Western District of Pennsylvania, and M. E. Benton, District Attorney for the Western District of Missouri. Stone is a Republican and Benton is a Democrat, and they were both suspended for the same cause—violation of the President's order forbidding Federal officials to interfere in politics. Mr. Stone was re-appointed by President Arthur only a short time before the expiration of his term, and the Democrats of Western Pennsylvania, for nearly two years have been laboring to secure his removal. Mr. Benton was recommended for the appointment by the entire Missouri delegation in Congress, and his friends think the suspension will only be temporary. In Stone's case it is doubtful if he will ever be re-appointed. The President's explanation of his causes for suspending these officers is entirely in harmony with his previous declaration regarding the propriety of interference of Federal officers in politics. It is probably a reminder to office holders throughout the country that when the order was issued it was meant to be observed. Stone has been making speeches in Pennsylvania for Beaver, the Republican candidate for Governor, and Benton has taken the stump for the Democratic ticket in Missouri. Both men meet an equal fate and the President obtains credit for being true to his promise. The President indorsed the paper setting forth the facts, "Let the officer be suspended at once," and returned it to the Attorney General for an enforcement of the order.

—Let every consistent member of the Anti-Chinese League remember that a vote for Stewart's Legislative ticket is a vote for a man who, when in the U. S. Senate, presented the passage of Sumner's amendment to give the Chinese the ballot box, and who introduced a bill to restrict coolie contracts from an indefinite period, to six months. Any man who votes against the Stewart Legislative ticket is actually casting a vote for the maintenance of the Chinese in this country.

—The record of James Morris of Empire, as County Commissioner has been unimpeachable.

Mr. Bray, the nominee for County Commissioner in the Carson precinct, is an old citizen, and backed by the respect of this community. He is a practical, honorable man, and both will poll a heavy vote on Tuesday.
